

# THE Hiding Place

## Circle of Love

Hand in hand we gather, surrounded by His love.  
Support beneath us, covering above.  
Spirits are united, souls seem to touch.  
I didn't know that I could love this much.

### *Chorus*

*Circle of love, circle of friends.  
Was no beginning, will be no end.  
Father release, Spirit descend.  
Circle of love, circle of friends.*

Family like angels, gathered 'round to sing.  
We are more than servants unto the King.  
Penetrating love, dissolving fear.  
By the Spirit, we know He is here.

### *Chorus*
